*Science can never be a closed book. It is like a tree, ever growing, ever reaching new heights. Occasionally the lower branches, no longer giving nourishment to the tree, slough off. We should not be ashamed to change our methods; rather we should be ashamed never to do so.*

*— Charles V. Chapin (1856–1941)*

*This book is dedicated to the multidisciplinary teams of professionals who work every day to transform the hospital setting for our patients and families.*
